29. TEAM SKILL LIMIT RULE IN OPEN DIVISION PLAY - 23-RULE

The total of the skill levels of the five players fielded in any team match cannot exceed 23. A team playing fewer than five matches must show that it would not have exceeded 23 if the five matches had been played. If the 23-Rule is broken, the offending team would receive zero points for that team match. The non-offending team would receive all points they won plus two points for the match in which the 23-Rule was broken and any subsequent matches.
